

Town of Arcadia Planning Board Minutes

Date: January 19, 2026

Applicant: Sleight NY Solar Farm LLC

Address: 105 Sleight Rd

Request: Site Plan Review for Sleight NY Solar Farm LLC

Members Present:

Bob Hutteman: Present

Warren Weichbrodt: Absent

Mike Greene: Absent

Chris Jendrick: Present

John Shipley: Present

Neighbors Present:

William Appenheimer- Solar Liberty

Casey Carpenter- Times

Project Details:

William Appenheimer started off the meeting with explaining why they decided to change from tilt to fixed solar panels. He stated that there were pros and cons to both ways, and the company was about 50/50 on which way to do it. The Board stated that there would be less glare on the way they are facing now on the neighbors rather than how they were before. The Board then acknowledged that the fencing/screening is different in different areas, and William Appenheimer stated that they looked at what each neighbor wanted against their property. The Board also asked about the storm water plans, and stated it all looked good per MRB. The Board then asked when they plan to move forward, where William said as quickly as possible—hopefully in the spring. William also stated that the NYSEG connections were good to go.

Motion made by Chris, seconded by John to approve a site plan for Sleight NY Solar Farm LLC.

Submitted by,

Madyson Vacchetto  
Deputy Town Clerk

Town of Arcadia Planning Board Minutes

Date: January 19, 2026

Applicant: Arcadia PV LLC

Address: 3527 & 3569 Route 88N
